

SAIL 'N DIVE

NEW SPECIAL OFFER

## Sail 'N Dive

This new offer is operated in cooperation with Antigua Scuba School.

We offer various options covering all needs from uninitiated beginners seeking special programs to broaden their experience: discover scuba specialities, night dives and much more.

You can even get your PADI certification with us.

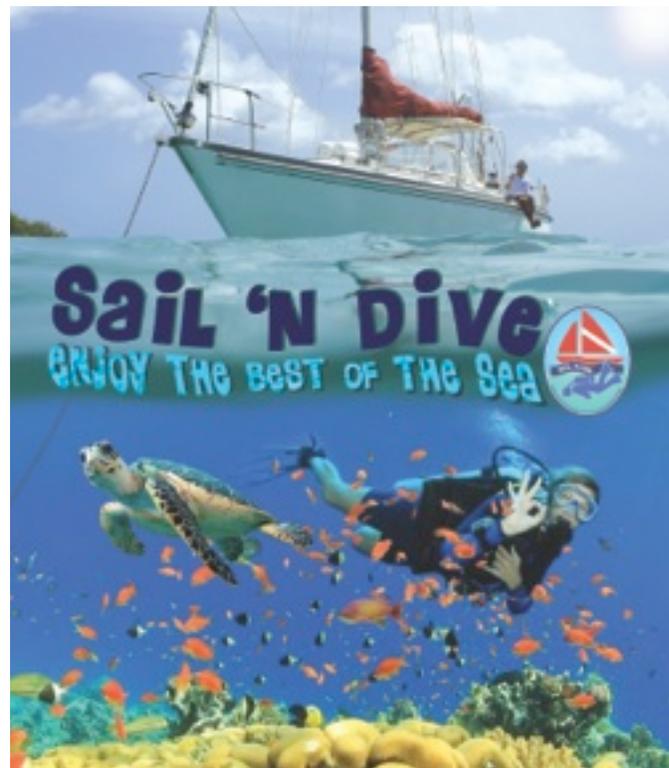

Our love for the sea comes with great attention to all things ecological related to the ocean. Sailing keeps our carbon foot print really small and our special programs teaching the identification of species or raising the awareness of and appreciation for sharks and their role in the eco-system are close to our hearts.

Our boat offers a great way to spend the day and/or night on the water. Joy, a 41 foot Bristol is a sailing yacht with all amenities we need to make your day at sea not only exciting but comfortable as well: a generous galley to prepare fresh food, restroom, lots of space above and below deck to enjoy the sun, have a nap or sit and chat while sipping your drinks. Especially if your group comprises non-divers this gives them an enjoyable environment to relax while you dive.

**Sail 'N Dive** will give you a very unique experience enjoying the best of the sea!

**Tours last about 7 hours and include rental of our 41 foot yacht Joy and two dives of about 45 minutes length including scuba diving gear rental as well as freshly prepared lunch and drinks and snacks throughout the day.**

**One PADI certified dive instructor accompanies the divers.**
